Marine Gas Engine / Outboard Technician (St. Clair Shores, MI & Chicago, IL)

Description:

Jefferson Beach Yacht Sales (JBYS) is seeking full-time skilled and experienced gas engine and outboard technicians. One to work out of our St. Clair Shores, MI location and one to work out of our Chicago, IL location. Candidates must have a strong engine, outboard and mechanical background and work well independently. JBYS services and repairs a variety of new and used yachts. The new outboard brands include Valhalla, HCB and Sailfish ranging from 22' to 65'.

Qualifications:

- Mercury/Yamaha certified techs are given top consideration but not required
- Overall mechanical troubleshooting and diagnostic skills
- Ability to perform routine and annual maintenance on gas engines and outboards
- Must have valid Driver's License
- Must have all the required tools to perform work
- Communication and light computer skills

General Responsibilities:

- Stay up to date with manufacturer and industry training sessions and keep certifications current
- Work in a clean and organized manner so that boats are left in better condition than when the work started
- Report and coordinate with Service Manager to complete all tasks assigned

Compensation:

Top compensation and benefits for the right candidate
